Note to self- CAUTION

Maggie Field's call this p.m.

She is going to send me black-on-white, negative copies of those parts of her book dealing with Marina and Rith Paine, for whatever use I want, but not to be given to N.O. Her book is again in the hands of a publisher.

Some parts may not be distinct. However, the citations should be.

I asked about this, not wanting what has happened to me to happen to her. It is her desire.

If there are any parts I cannot summarize before I go there, I should copy just those, keep them in my possession (this was the way she put it) and return her material by registered or insured mail
